

KARDASHIANSCOIN

The future platform for celebrities and influencers

The Kardashianscoin ecosystem combines a social media and a marketplace under one roof, offering celebrities and influencers a multiple monetization options and a better way to interact with their communities.

We are setting the foundations for the ecosystem by creating a community token for the Kardashians family, one of the most renown group of celebrities in public life today.

ADVANTAGE OF KARDASHIANSCOIN

SOCIAL MEDIA AND A MARKETPLACE

A social network combined with a marketplace enables celebrities and influencers to sell their products at the „point of interaction“ with their fans.

IMPROVED NFT CREATION

We are making NFTs mainstream by simplifying their facilitation and transfer from one party to another.

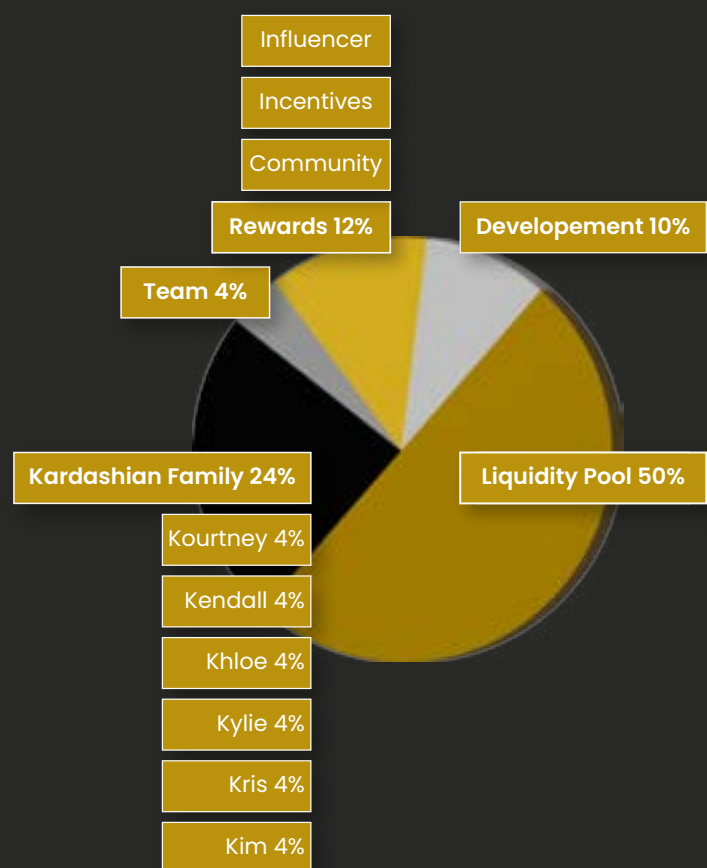

MULTIPLE INCENTIVE MECHANISM

Kardashianscoin leverages multiple incentive mechanisms allowing celebrities to get the most out of their fanbase.
